

Cover & banner for courses

A picture speaks a thousand words and can enhance your courses attractiveness when displayed in the learner area. For a new or existing course, while being logged into the Administration panel, just click on **Course details > Edit**.

For a cover picture, click on **Select cover** and upload a png or jpeg (for best results we recommend the following dimensions: 330x220).

Additionally, you can decide to also upload a banner (preferred dimensions: 990x250) by clicking on **Select banner** and uploading your jpg or png file.

img

Here's how the end result will look like in the learner area. The cover image will identify the course on all listings, like for example here in the Cockpit:

img

The banner will identify the course on its detail page:
