

Persons export

From the Person administration you can export persons into a CSV file. In the **Administration panel > Persons** > click on the **Functions** button and select the option **Export**.

image not found or type unknown

Select the persons you wish to export and then click on the Export button. In the following pop-up you can select the language & coding preferences (MS-ANSI or UTF-8) for your file.

image not found or type unknown

Once you select your preferences from the dropdowns, click on Continue and select Download in the following dialog, saving the file to your preferred location.
